

**MAHAVIR INSTITUTE OF MEDICAL SCIENCES
VIKARABAD TELANGANA**

Compliance Report submitted by Mahavir Institute of Medical Sciences Vikarabad, Telangana, with respect to circular issued based on Over Sight Committee Guidelines Dated 16.06.2016		
Sl. No	Deficiency pointed out by MCI	Compliance
FACULTY		
1	Deficiency of faculty is 63.07% as detailed in the report.	The faculty deficiency was 9.23% at the time of our 1st Assessment in Jan'2016 itself. The same staff were available with us. The present deficiency was due to not considering some of our staff without any reason and some staff were deputed for a Mega Health camp
2	Shortage of Residents is 100% as detailed in the report.	Residents were available and residing in the Residents Hostel(Boys & Girls). Some of the residents were posted for the Mega Health Camp. The reasons for not considering the residents was not specified
3	Nursing staff: 153 Nurses are available against requirement of 175.	190 Nursing staff were available on the day of Assessment
CLINICAL MATERIAL		
1	OPD attendance is < 400 on day of assesment. Data given by the college are highly inflated.	OPD on the day of assessment was 853 at the time of inspection(1PM) and by 4PM it was 1022.
2	Bed occupancy was around 40% on day of assessment. Many patients are not genuine or were kept longer than necessary to inflate bed occupancy.	The Bed occupancy was 85% on the day of assessment
3	Radiological & Laboratory investigations workload is inadequate on day of assessment.	Radiological & Laboratory investigations workload was adequate on day of assessment.

4	Radio diagnosis department: Register of Radiodiagnosis department showed entry of 47 X-rays at time of assessment; however there was evidence of only 27 Plain x-rays performed at the time of visit. NIL contrast Radiology was performed on day of assessment.	Total 156 plain X-rays and 6 contrast X-rays were performed on the day of assessment
5	Histopathology workload on day of assessment was only 03. Data given by institute are highly inflated.	Total 5 Histopathology investigations were performed on the day of assessment
6	ICUs: There was only 1 patient in SICU on day of assessment. Several patients in ICCU, MICU & SICU were kept for longer periods than necessary.	There were three patients admitted in SICU out of 5beds and total 23 beds were occupied with 92% BOR
